

Checklist for Teachers

1. AI Use & Lesson Content

- ☐ I used AI tools to generate ideas, activities, or content for my lesson.
- ☐ The AI outputs are clear, relevant, and aligned with my lesson goals.
- ☐ I experimented with prompts to refine outputs and improve quality.

2. Differentiation & Inclusion

- ☐ The lesson addresses diverse learner needs (e.g., reading levels, learning styles, special needs).
- ☐ Activities include adaptations, scaffolds, or alternative approaches for different learners.
- ☐ Materials are accessible (e.g., text, visuals, audio, captions).

3. Curriculum Alignment

- ☐ The lesson aligns with BC curriculum standards and learning objectives.
- ☐ Big ideas and core competencies are reflected in the lesson.
- ☐ Learning outcomes are clear and measurable.

4. Ethics & Responsible AI Use

- ☐ Student data and privacy are protected; no sensitive information included.
- ☐ AI-generated content has been checked for bias or inaccuracies.
- ☐ Ethical and responsible use of AI is considered throughout the lesson.

5. Clarity & Engagement

- ☐ The lesson plan is organized and easy to follow.
- ☐ Instructions for activities are clear and logical.
- ☐ Activities are engaging, interactive, and encourage student participation.

6. Reflection & Improvement

- ☐ I reviewed the lesson plan and reflected on possible improvements.
- ☐ I considered how feedback could enhance the lesson.
- ☐ I am confident this lesson is ready to implement in my classroom.
